

SUMMARY

Aspiring **AI/ML Engineer and Data Analyst** with hands-on experience in **Machine Learning, Deep Learning, Computer Vision, Data Analytics, and Data Visualization**. Proficient in **Python, C++, SQL, TensorFlow, Keras, OpenCV, Pandas, NumPy, and Scikit-learn**, with experience in **data preprocessing, exploratory data analysis, model development, feature engineering, and visualization**. Developed practical solutions involving **CNN-based image classification, predictive modeling, and data-driven analysis**.

TECHNICAL SKILLS

Machine Learning & AI: Machine Learning, Deep Learning, Artificial Intelligence, Computer Vision, Classification, Predictive Modeling
Data Analytics & Visualization: Data Preprocessing, EDA, Feature Engineering, Data Visualization
Frameworks & Libraries: TensorFlow, Keras, OpenCV, Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn
Programming: Python, C, C++, JavaScript, SQL
Databases: PostgreSQL, SQLite
Core CS: Data Structures & Algorithms, OOP, DBMS, Computer Networks
Tools: Git, GitHub, VS Code, Arduino IDE

EDUCATION

B. Tech Computer Science & Engineering Purnea College of Engineering, Purnea	Expected Graduation: June 2027
2023 – Present CGPA: 8.44	
Intermediate (Science) Govt. Girls High Secondary School, Patna 82.2%	2021 – 2023
Matriculation Vishashvi Public School, Patna 82.6%	2021

EXPERIENCE

Artificial Intelligence Intern Codec Technologies Pvt. Ltd.	Mar 2026 – Apr 2026
Worked on Artificial Intelligence, Machine Learning, Deep Learning, CNN and NLP concepts through practical implementation, including handwritten character recognition.	
Python Programming Intern Polytrropic Services Pvt. Ltd., Patna	June 2025
Completed an offline internship focused on Python application development using OOP, SQLite and PyQt , including a Data Entry Form and practical mini projects.	

PROJECTS

Handwritten Character Recognition | Python, TensorFlow, Keras, OpenCV, CNN | [Github Link](#)

- Developed a **CNN-based handwritten digit recognition system** using the **MNIST dataset**, with image preprocessing and normalization.
- Implemented **model training and prediction** using TensorFlow and Keras with a multi-layer CNN architecture for digit classification.

Emotion Recognition | Python, Audio Processing, Machine Learning | [Github Link](#)

- Developed an **emotion recognition system** using the **RAVDESS audio dataset** for classifying different human emotions.
- Processed **WAV audio data** and applied machine learning techniques for **emotion classification and model evaluation**.

Disease Prediction | Python, Pandas, Scikit-learn | [Github Link](#)

- Developed a **Logistic Regression-based disease classification model** using patient-related features for disease prediction.
- Performed **data preprocessing, feature-target separation, 80:20 train-test splitting**, and model serialization using Pickle.

Seasonal Agriculture Performance Analysis | Python, Pandas, NumPy, Matplotlib, Seaborn | [Github Link](#)

- Analyzed **40,000 agricultural records** to identify **seasonal patterns, crop performance and agricultural trends**.
- Compared **Kharif, Rabi and Zaid** seasons based on rainfall, crop yield, water usage and farm profit using data visualizations.

Car Dekho Data Analysis | Python, Pandas, Matplotlib, Seaborn | [Github Link](#)

- Performed comprehensive analysis of **vehicle prices, manufacturing year, fuel type, transmission and ownership patterns**.
- Conducted **missing-value analysis and descriptive statistics**, and answered **25 analytical questions** using Python-based data analysis.

TRAINING

IoT Training — iHUB DivyaSampark, IIT Roorkee	Mar 2025
Python 3.4.3 Training — Spoken Tutorial, IIT Bombay Link	July 2024
RDBMS PostgreSQL Training — Spoken Tutorial, IIT Bombay Link	Feb 2025
JavaScript Training — Spoken Tutorial, IIT Bombay Link	Oct 2025

ACHIEVEMENTS & CERTIFICATES

- NPTEL – Human-Computer Interaction (HCI)** — 93% | Elite + Gold Medal
- Data Visualization** — VOIS & EduNet Foundation
- Programming Essentials in C++** — C++ Institute / Cisco Networking Academy
- Agentic AI** — IBM SkillsBuild
- Getting Started with Artificial Intelligence** — IBM SkillsBuild
- Deep Learning Models** — Microsoft
- Microsoft Learn** — 29 Badges & 5 Trophies Earned
- NPTEL – Cloud Computing** — Elite + Silver Medal

ADDITIONAL

- Languages:** Hindi, English
- Interests:** Artificial Intelligence, Machine Learning, Data Analytics, Computer Vision
